ABOUT ME

From November 2021 to July 2023, I attended the ITS ICT Piemonte in Turin, Web Developer course, to deepen the computer knowledge acquired previously. From February 2023 to September 2023, I worked at MSC Technology Italy in Turin as an intern, which represented a valuable opportunity to apply and expand the knowledge and skills I acquired through the front-end developer course. Subsequently, in October 2023, I joined AlphaWaves where I could also get to know the back-end side of an application. I am enthusiastic about further learning and growing professionally in this field.

WORK EXPERIENCE

09/10/2023 – 08/04/2024 Turin, Italy

Full-stack Developer AlphaWaves

From this work experience, I have expanded my knowledge and skills. I have developed skills in the backend field and interfacing with the frontend. In particular, I collaborated with three other colleagues on a wellness application development project, contributing to the creation of the platform's backend. During this period, I used technologies such as Kotlin, Spring, Mongo, and MySQL. At the beginning of my journey in this company, my backend skills were very limited, but thanks to the assistance and guidance of my colleagues, I gained a deep understanding of the structure and flow of data through the various layers, up to the frontend.

Subsequently, I was assigned another project involving the recreation of the company website using WordPress and Elementor. Before this assignment, I had never worked "professionally" with this CMS, so it was an opportunity to immerse myself in the world of WordPress, and I also developed JavaScript and CSS code to further customize the website due to CMS limitations.

Address Via Canelli 57, 10126, Turin, Italy

06/02/2023 – 04/09/2023 Turin, Italy

Junior Developer Intern MSC Technology Italy

During my internship I was included in two internal projects; for my first project the request was to create a digital board starting from the design up to development of it, thanks to this project I've refined my UX/UI design skills and I was challenged with a totally new CMS for me. My second project was bigger than the first one, where my presence in the team was initially requested for a major redesign to the UI with a more modern and minimal design, and afterwards I stayed in the team to collaborate in the realization of the project; for me this project was a major step forward, because it helped me to refine my competences in HTML, SCSS and Javascript, but more important it teach me how to work in a team that works with AGILE methodologies and also I've started to learn a bit of C#.

Address Via Nizza 262/int. 27, 10126, Turin, Italy

16/02/2022 – 26/05/2022 Santhià, Italy

Junior Developer Intern In Moda srl

Use of technologies such as Magento, Prestashop, and Shopify for managing three e-commerce websites. In particular, I used Shopify to develop a new e-commerce website and Magento to try and integrate with Alibaba an existing e-commerce created with Prestashop.

EDUCATION AND TRAINING

28/10/2021 – 17/07/2023 Torino, Italy

Higher Technician Diploma, Front-End Developer ITS ICT Foundation for Information and Communication Technologies

I've learned to use HTML, CSS, JavaScript, TypeScript, Angular, and ReactJS to create web apps and engaging dynamic user interfaces through the

study of UX and UI design, as well as proper search engine optimization (SEO) techniques for site indexing. Additionally, I have acquired skills in creating a website using a CMS, Git Versioning Control, and some foundational knowledge of back-end development with PHP, Linux Server, and RESTful API.

Spoken interaction B2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

RECOMMENDATIONS

● **Marco Di Iulio** Head of Technical Division at MSC Technology Italy

I, undersigned Marco Di Iulio, Head of Technical Division in MSC Technology Italy, I would like to point out that Mr. Sebastiano Demichelis worked in my company from June to September 2023, covering the role of Web Developer.

During this time, Sebastiano demonstrated good technical skills and a strong aptitude for teamwork, making his knowledge available to the entire team.

Sebastiano has shown himself to be collaborative, open to feedback and constructive criticism.

He has always shown good proactivity and an excellent aptitude in trying his hand at unknown topics, not stopping at the first hypothesized solution, but always researching the different possible approaches for solving the assigned tasks.

In terms of adaptation, Sebastiano had no problems to range on heterogeneous projects, also trying his hand with methodologies different from those already acquired.

The employment relationship was terminated due to a lack of open positions within the MSC Technology teams he has worked on.

With this letter of mine, therefore, I certify its competences and remain available for any clarifications.

ORGANISATIONAL SKILLS

● Organisational skills

- Excellent group management skills

COMMUNICATION AND INTERPERSONAL SKILLS

● Communication and interpersonal skills

- Attitude in the management of human relationships
- Excellent relational skills
- Excellent ability to manage group dynamics
- Excellent adaptability
- Predisposition for team work

VOLUNTEERING

06/2021 – CURRENT Saluggia

● Volunteer for Italian Civil Protection

APR Operator for Saluggia's Civil Protection and Vice President of the association.

COMPETENCES

● Skills acquired in school

Skills acquired during Secondary School:

- JSON
- Networking
- Cisco Packet Tracer
- PHP
- Java
- C
- MySQL
- Linux
- CSS
- HTML

Skills acquired during Front-End Developer course:

- Responsive Web Design
- TypeScript
- PhpMyAdmin
- Adobe XD
- User Interface Design/User experience
- CMS (WordPress)
- Search Engine Optimization (SEO)
- RESTful API
- PHP
- Bootstrap
- C
- SQL
- Linux Server
- CSS/SCSS
- React
- Git
- HTML
- JavaScript
- Angular

● Skills acquired at work

- JSON
- Web Design
- C#
- Azure DevOps Services
- Agile Methodologies
- MagicINFO
- jQuery

- SASS
- Figma
- User Interface Design/User experience
- Git
- HTML
- Bootstrap
- jQuery plugins
- RESTful API
- Shopify
- Magento
- SQL
- Mongo DB
- Kotlin
- Spring
- Docker
- Linux CLI
- Wordpress & Elementor

LICENCE & CERTIFICATIONS

17/09/2023

● **Become a RESTful API Developer**

ID credential: 348cd269a03c99d9a27f0f7a78fafef29011be14452e785e4a0078ab8143f5f0

Competences acquired:

- RESTful Web Services
- API

10/2022

● **First Cambridge English Certificate**

Certification obtained through the Higher Technician course

02/2020

● **APR Pilot Attestation**

ID credential: I.APRA.014188

03/2018

● **ECDL Standard Certificate**

ID credential: IT1971412ID

Competences acquired:

- Computer Essentials
- Online Essentials
- IT Security - Specialized Level
- Microsoft Word
- Microsoft Excel

- Microsoft PowerPoint
- Online Collaboration

03/2016

PET Cambridge English Certificate

ID credential: 0053353678ID

DICHIARAZIONI

Authorization to process personal data

In compliance with the Italian Legislative Decree no. 196 dated 30/06/2003, I hereby authorize the recipient of this document to use and process my personal details for the purpose of recruiting and selecting staff and I confirm to be informed of my rights in accordance to art. 7 of the above mentioned decree.

DPR 445/2000

The undersigned Sebastiano Demichelis, aware of the consequences of making false statements, falsehood of acts and use of false facts, punishable by law according to art. 76 D.P.R. n. 445/2000 and art. 496 of the Italian Penal Code, under my own responsibility.

Turin, 04/04/2024
